# INTENSIVE COURSES A2/B1

*English - German*

## GENERAL INFORMATION

Intensive courses are open all year round and are for adults and students aged 16 and up who want to learn or improve their knowledge of the language for study, work, or leisure purposes.

We take pride in our students' success. The exam pass rate is excellent, with 93% of our learners obtaining the diploma, certificate, or test and result they wanted.

Daily immersion in the language that they are learning gives them the opportunity to practise and attain their target in a short time. Regular sessions and fast progress motivate both students and trainers who devote their classes to oral and written expression and comprehension on general and specialised topics.

## PROGRAMME

General and specialised courses are set up to cover the targets introduced by the Common European Framework of References for Languages (CEFR), which defines the different levels of proficiency in a foreign language according to skills in the various areas of aptitude.

Our sessions consist of 8 weeks of classes, to cover an entire level. Depending on your initial level, you may also do fewer weeks to complete the level where you want to be.

Course material provides you with a thread to follow throughout your training, with daily homework exercises. Many themes are brought up, whether for leisure or work-related activities.

To benefit fully from your training, you will need to do our evaluation test so that you can join the class level that matches your knowledge of the language. To schedule the evaluation test, please contact us directly at +41 (0)21 323 54 36.
