

### GENERAL INFORMATION

Intensive French courses are open all year round and are for adults and students aged 16 and up, who want to learn or improve their knowledge of the language for study, work, or leisure purposes.

We take pride in our students' success. The success rate in exams is excellent, with 91% of our learners obtaining the diploma, certificate, or test and result they wanted.

Daily immersion in the language that they are learning gives them the opportunity to practise and attain their target in a short time. These daily sessions and fast progress motivate both the students and the trainers who devote their classes to oral and written expression and comprehension on general and specialised topics.

### PROGRAMME

General and specialised courses are set up to cover the targets introduced by the **Common European Framework of References for Languages (CEFR)**, which defines the different levels of proficiency in a foreign language according to skills in the various areas of aptitude.

In level B1, you will learn, consolidate and master the various exam techniques to feel at ease in the final test. Our qualified trainers will be able to guide you with numerous exercises and real exam situations to help you avoid traps. Several mock exams are done in class to practise each skill:

- Oral comprehension
- Written comprehension
- Oral expression
- Written expression

**DELTA**, **DALF** and **TELC** exams will allow you to highlight your training on your curriculum vitae and to apply for jobs in numerous companies.

To benefit fully from your training, you will need to do our evaluation test so that you can join the class level that matches your knowledge of the language.

To schedule the evaluation test, please contact us directly at +41 (0)21 323 54 36.

### LEVELS TAUGHT
